Thames Valley Firm Advises in Pharmaceutical Company Relocation

Leading Thames Valley law firm, Moorcrofts LLP (Moorcrofts), has acted for existing client Fulcrum Pharma plc (Fulcrum) in connection with its acquisition of a new lease of prestige offices at Glory Park near High Wycombe.

Fulcrum is a professional services company providing clients with expert solutions for the development of therapeutic products.

Moorcrofts commercial property partner Andrew Hardcastle had conduct of the matter and also advised Fulcrum in connection with its exit from its leases elsewhere.

Andrew Hardcastle said of the recent transaction:

“We are delighted to have been instructed by Fulcrum in connection with these flagship premises as the company goes from strength to strength. The terms were negotiated at a time when good tenants can get some excellent deals on new premises and it is testament to the company’s continued success. We look forward to continuing to work with Fulcrum in the future.”
